

# FANTASTIC CCIE DATA CENTER TRAINING!

Alascom Services Testimonial

## PROJECT INFORMATION

**Company:**  
[Alascom Services](#)

**Service category:**  
[Learning Services](#)  
- [NIL CCIE Data Center Preparation Workshop](#)

**Period:**  
September 23-27,  
2013

NIL's CCIE Data Center Preparation Workshop is a fantastic course! With our instructor's help, we practiced designing/troubleshooting with all of the most relevant and expansive CCIE Data Center technologies.

Mitja Robas is the best teacher I ever known: he has a lot of hands-on experience that coordinates perfectly with [the student's] knowledge, producing a very successful training session.

I'm very satisfied with this course for all these reasons—plus, we were able to use all the labs also during the weekend. Amazing!

***Gilberto Senatore***, *Solution Architect, Alascom Services*

## ■ ABOUT THE PROJECT

From September 23-27, NIL held a CCIE Data Center Preparation Workshop for a group of engineers who are aiming for Cisco CCIE Data Center certification.

---

## ■ ABOUT THE CLIENT

**Alascom Services** provides consulting services and solutions in partnerships, outsourcing and support to all those companies and organizations that recognize the use of telecommunication networks as an essential tool for their business. Over more than a decade of consulting, Alascom has been able to operate in heterogeneous environments, developing the internal know-how needed to meet today's challenges of information and communications technology. Alascom is headquartered in Milan, Italy.

**NIL** is a leading global ICT solutions provider, with more than 20 years of experience in IT and the communications industry. Our expertise is in advanced and emerging technologies. NIL's core offer includes professional services, managed services and learning services. NIL is headquartered in Slovenia, with regional offices in Croatia, Serbia, Morocco, USA, Turkey and South Africa.
